

Working in Milwaukee

Northwestern Mutual's Home Office is located in downtown Milwaukee, on the shores of Lake Michigan, approximately 90 miles north of Chicago. Milwaukee is Wisconsin's largest city, with a population of approximately 640,000 with another 1.4 million people inhabiting the surrounding community.

Milwaukee offers a perfect balance of big city attractions and small town comfort. With reasonable housing costs, numerous colleges and universities, festivals throughout the summer, plenty of green space and excellent transit and other public services, Milwaukee is truly an inviting place to live.

Along the Milwaukee River you'll find a vibrant community, including new condos, lofts, restaurants with sprawling outdoor patios, theaters, pubs and taverns, and live music.

Culture and Entertainment

Cultural attractions include the Milwaukee Art Museum, Milwaukee Symphony Orchestra, Milwaukee Ballet and Milwaukee Repertory Theater.

Milwaukee Brewers baseball, Milwaukee Bucks basketball, Milwaukee Admirals hockey and Milwaukee Wave soccer provide action every season of the year. And we're only a few hours away from Lambeau Field, home of the Green Bay Packers.

From downtown to the suburbs, living here is fun and easy. Two great resources for information on the city are www.onmilwaukee.com and www.milwaukee.org.
